Step 6: Then End the Action.

IBM Watson Assistant Lite Upgrade job seeker bot Learning center

How to apply job?

Customer starts with:
How to apply job?

Conversation steps

1

step 1: Search for the Job

Continue to next step

2

Step 2: Check all the requirements which is suitable to your role.

Continue to next step

3

Step 3: Click apply button for applying the job.

Continue to next step

4

Step 4: The credentials will be mailed to you.

New step +

Customer starts with:

Enter phrases that a customer types or says to start the conversation about a specific topic. These phrases determine the task, problem, or question your customer has.

The more phrases you enter, the better your assistant can recognize what the customer wants.

Enter phrases your customer might use to start this action Total: 1

Enter a phrase

How to apply job?
